BANGALORE CITY

To

N MADHAVA RAO, Esq, B A, B L,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore

ml 121 - 27 - 3

Sir,

I have the honour to state that the Municipal Council have decided to construct a new building for the location of the City Municipal Offices in accordance with the accompanying sketch approved by Mr G H Krumbiegel, the consulting architect to the Government of Mysore

2 It will be seen from the plan that the green coloured strip of land out of the compound of the District Offices, Bangalore is proposed to be included in the compound of the proposed Municipal Office Buildings

3 A requisition was sent to the Deputy Commissioner, Bangalore, for transferring the strip of land to the Municipal Council and in reply, he informs me that the Government has to be addressed in the matter

4 I request you, therefore to be so good as to kindly obtain the early orders of Government, transferring the required strip of land marked in the accompanying plan to the Municipal Council

I have the honour to be,
Sir,
Your most obedient servant,
T Govinda Rao
Municipal Commissioner

Dear Mr Krumbiegel,

I am sending herewith the file of papers relating to the proposal of the Bangalore City Municipal Council to enclose a strip of land belonging to the compound of the District Offices Bangalore and also of the Collegiate High School compound

Govt are not convinced of the necessity of giving the triangular plot of ground belonging to the High School compound to the Municipal Offices and do not consider that a dividing wall between the Municipal Offices and the District Offices a matter of urgency I am, however to request your opinion on both these points The file of papers may kindly be returned

Yours sincerely,

Chief Secretary

Dated 20 / 1928

Dear Mr Madhava Rao

I have your letter No I3050/ML121-27-5 of 10/11th instant together with the papers relating to the additional ground acquired to the Municipal office - Compound

The Municipality have a number of implements store materials such as lam -posts water carts, road-rollers etc which are kept away all over the present compound Now that a new office is to be put up in front and an additional office at AA marked on the plan it is desirable that more room for these stores has to be given at the back It was for this purpose that I agreed to the triangular plot being included in the Municipal compound I think that a wall at ABC is very necessary but there are however several irregular walls between B and the District
